### SHOWS/RALLIES

#### **FMCA'S 102ND INTERNATIONAL CONVENTION & RV EXPO**

March 10-13, 2021  
Georgia National  
Fairgrounds &  
Agricenter  
Perry, Georgia

Chickasabogue Park, Mobile, AL — Great value! A perfect PA stop. I can't believe I only paid \$9/night for full hookups, which are not always expected at a county park. Sites have lots of space and lots of trees. Access to athletic fields and hiking trails. Only 7 miles from downtown Mobile. You can't beat this place. Highly recommended.

- Michael Miller

Western Way RV Resort, Tucson, AZ — Western Way RV Resort in Tucson last week was fabulous! The sites were nice gravel with a concrete pad at each site for your lounging. A nice place next to that for a tow vehicle. This location was in a quiet area near the Tucson Mountain Park in SW Tucson. Great for hiking and many very nice trails. We had a nearby gas station, as well as Walmart & Safeway within 5-6 miles. A hidden gem in my opinion if you want a nice quiet place to relax & hike! We will return!

- Mary ann Elder

Mayberry Campground, Mount Airy, NC — One of my favorite campgrounds and so glad we found it. Spent a week in August of 2020 and really enjoyed how well designed and well maintained Mayberry is. Staff extremely helpful and friendly. Easy access to the sites and spacing of the sites very impressive! I enjoyed long morning walks through the

campground and surrounding area. We loved Mt. Airy and all the Andy Griffith/Mayberry fun. We plan on returning in the near future.

- Dianne Belk

Smith Point Marina, Reedville, VA — We found Smith Point through Passport America and almost by accident! We just needed a stop over between two other reservations. This turned out to be a very peaceful and fun stay. One of the locals taught us all about blue crabs. We learned about dolphins from the Georgetown dolphin project people also staying there. Great laundry room. Great place to kayak and enjoy beautiful sunsets! The owners were very helpful and friendly. I almost hesitate to share the beautiful week we had because most of the joy was lack of crowds. Be sure and drive over to Buzzard Point and take the ferry to Tangier Island while in the area.

- Dianne Belk

Dogwood Acres Campground, Newville / Carlisle, PA — We have been camping for over 35 years and we agree with other campers that this is one of the top run campgrounds that we have been to. We always try to stop here on our travels along route 81. Thanks for being part of Passport America.

- Chris Benson

Big Buck Resort, Hornsby, TN — On Oct. 17, 2020 my wife and I stayed at Big Buck Resort and Campground in Hornsby TN., our first night on a trip east to the Smoky Mountains. Of course it was near dark because of leaving home late, but because the owner was so very friendly about using my Passport America discount and finding me a spot to camp I felt very welcome there. Even more inviting was the delicious aromas coming from the restaurant that is open on Fridays and Saturdays! We stayed one night on our way back home and the staff person who checked us in was just as friendly as the owner. If Passport America wants a star rating from me, Big Buck Resort And Campground gets Five Stars! Thank you, Gary Anderson

- Gary Anderson

My Favorite Campground, New Waverly, TX — My husband and I spent just one night here with our RV. Sending link to my children and grandchildren for family get together. Perfect spot.

-Marless Owen

Route 66 RV Park, Edgewood, NM — Great place to stay the night. Clean and well managed. Ill stay here again

- Tom Passmore

Have Fun, and leave your worries behind! Year-round Deep-water access from Mississippi's Happiest City, Gautier. Sioux Bayou Landing RV Park is not far from Biloxi, surrounded by water on three sides, and tucked under the tall trees in a nearly-hidden corner of Gautier (say Go-chay) Mississippi lies the hideaway of your dreams.

Bring the family, bring your pets, bring your friends and – most of all – bring your boat. Excellent fresh-water fishing from the bulkhead or the docks. Just 10 miles to dining, shopping, historic sights, and art galleries in downtown Ocean Springs. Close to all the casinos on the Gulf Coast.

Beautiful fresh sunsets available daily from The Hideaway Bar at Sioux Bayou Landing back deck.

# Tintin

Text & Photos  
by Barbara & Mike Oliver

*A dog named Snowy and a ginger-haired young reporter named Tintin, team together for an adventurous time, solving mysteries as they go....*

Tintin was created in 1929 by Belgian cartoonist George Remi, better known as Herge. There were 24 series and it was one of the most popular

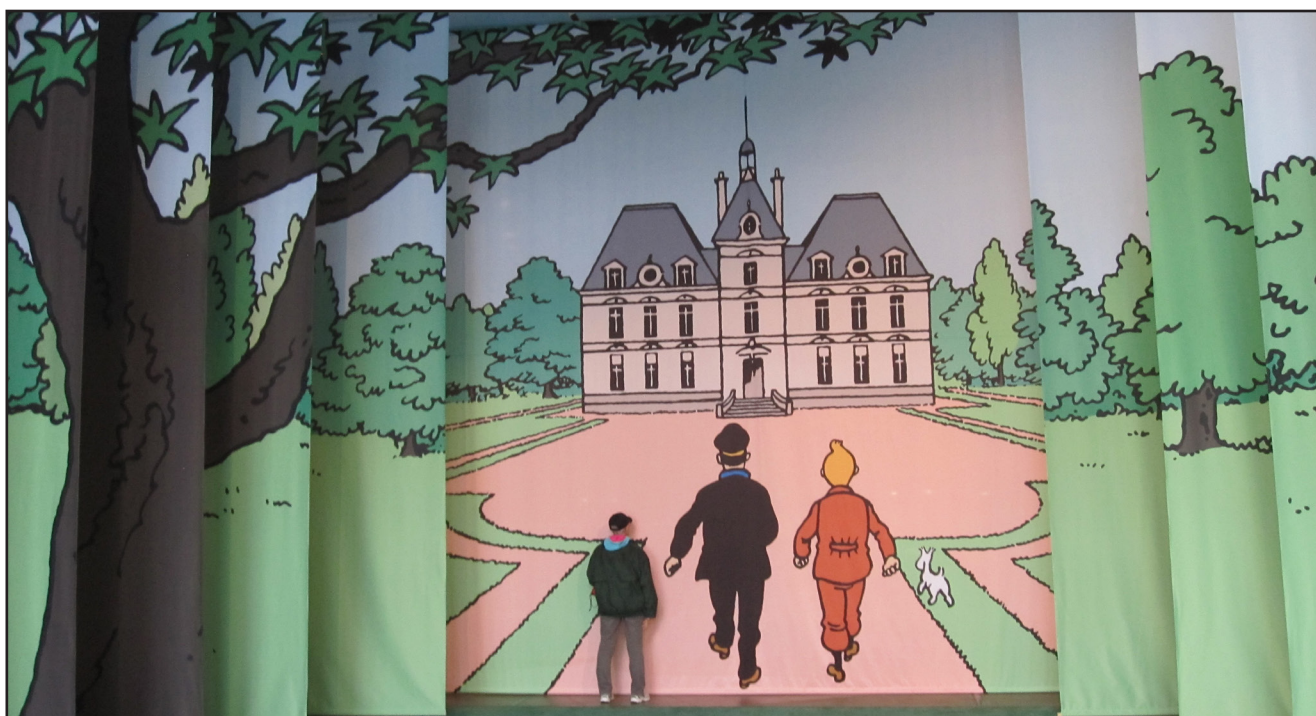

European comics of the 20<sup>th</sup> century. It was published in more than 70 languages, was adapted for radio, television, theatre and film. The main character is Tintin, who is well educated, intelligent, efficient and responsible. He is a skilled driver of almost any vehicle, including tanks,

cars, motorcycles, helicopters and speedboats. Through his investigative reporting, quick-thinking and all around good nature, he is always able to solve the mystery and complete the adventure.

In 2011, the adventure/animated movie *The Adventures of Tintin: The*

*The Secret of the Unicorn*, was made. It was directed by Steven Spielberg and actor Jamie Bell was the voice of Tintin. That was my first introduction to Tintin.

In the fall of 2018, I was to encounter him again while visiting Canada on a

New England- Canadian cruise.

A Tintin Exposition was on display at the La Pulperie de Chicoutimi Regional Museum in Saguenay, Quebec, Canada. The museum opened in 2002 and is

housed in the old Chicoutimi Pulp Mill (Mill 4), dating from 1821. Besides the mural paintings of Tintin's adventures, covering the walls, the museum tells the story of the Pulp mill industry/company and the people of the region. There are interactive exhibits, activity programs and out front, the Saguenay Power, locomotive engine #106. Within walking distance are the ruins of other mills, all encompassed in the Pulp Mill National Historic Site.

## Easy Cheesy Taco Breadsticks

*What's for dinner? These delicious Cheesy Taco Sticks! You'll love how easy it is to make soft, buttery breadsticks stuffed with taco meat and cheese. Dip them in salsa, sour cream, and guacamole for a super yummy dinner, lunch, or anytime you want a snack.*

### INGREDIENTS:

- 1 pound lean ground beef
- 1 packet taco seasoning mix
- 2 pkg. Crescents rolls
- 5 colby jack cheese sticks cut in half
- 1/4 cup butter melted
- 1 teaspoon garlic powder
- 1 teaspoon dry parsley

### DIRECTIONS:

1. Preheat oven to 350F. Spray a large baking sheet with non-stick cooking spray.
2. Brown the ground beef in a skillet over medium heat, stirring often until completely cooked. Drain off the excess fat. Add the taco seasoning and stir well. Remove from the heat and set aside to cool.
3. Lay the crescent rolls out flat and then cut in rectangles.
4. Spoon the cooled taco meat down the center of each rectangle, then top with half of a colby jack cheese stick.
5. Roll the crescent rolls up over the meat and cheese and pinch closed to form a breadstick.
6. Place the taco sticks on the prepared baking sheet. Combine the butter, garlic powder, and dry parsley, then generously brush over top of the taco breadsticks.
7. Bake at 350F for 10-12 minutes, or until golden brown. Serve hot.

**TIP:** for easier clean up, line the baking sheet with parchment paper and skip the greasing step.

## *The First Flower of Spring*

By Joseph J. Mazzella

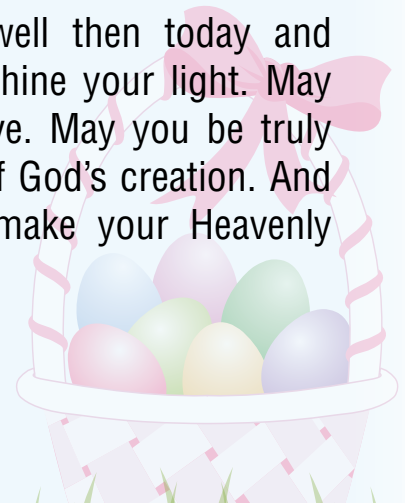

I smiled when I saw the first flower of Spring the other day. A lone Blue Bonnet had popped its head through the ground and was looking around on a cool, April morning. I wasn't sure what had made it finally decide to end its long, Winter's sleep. Perhaps it had noticed that the ground around it was no longer frozen. Perhaps it had felt the warmth of the sunshine finally pushing the temperatures into the seventies. Perhaps it had heard the songs of the birds singing that Spring had arrived and it was time for the world to awaken again. Perhaps the roots of the trees had whispered to it that it was now safe to come out and that their own limbs were already budding.

Whatever the reason it was a joy to see the little guy soaking up the light and calling out to its fellow flowers to join in the celebration of life once again. I know that soon it will be joined by other Blue Bonnets, Buttercups, Tulips, Daffodils, and Dandelions. I know that soon the air will be full of Butterflies dancing

above them all. I know that soon the meadows will be full of growing grass and the forested hills will be awash in bright, green leaves. I know that soon the mountains of my home will once again be alive with the glory of God's creation.

We too are a part of that creation, but unlike the flowers in the field we have the ability to bloom even when the world around us is cold, dark, and harsh. We have the ability to share our beauty in the face of ugliness, our joy in the face of fear, and our love in the face of hate. We have the ability to make every day feel like the first day of Spring.

May you bloom well then today and always. May you shine your light. May you share your love. May you be truly alive in the glory of God's creation. And may you forever make your Heavenly Father smile

# Here's Your Sign

Text & Photos  
by Barbara Oliver

*Google's definition of sign is a gesture or action used to convey information or instructions. The Webster's dictionary definition of sign is a motion or gesture by which a thought is expressed or a command or wish made known.*

It is well known that various types of signs and visual graphics make the world a more interesting and organized place. Signs come in different shapes and colors. There are 9 road sign shapes and 8 road sign colors.

And there are many types of signs. Traffic signs are divided into three basic categories...regulatory, warning and guide signs.

A regulatory sign is a reminder to drivers about regulations and laws while warning signs draw attention

to an upcoming or possible hazard that can affect how one drives, such as bridge out or construction ahead. Then there are guide signs that state mileage, routes, entries to roads and location-specific information, again such as state and National

Parks, museums and points of interest. Last but not least are the category signs related to animals (deer, cows, horses and even turtles), bikes, fire trucks and school bus stops plus many more miscellaneous signs...

such as the ones found on this building.

So whether it is a thought, gesture, a wish or command or a high five to your friend... signs definitely convey a message.
